2. Prayer by Preacher Ronnie Cobb

Our gracious and loving Heavenly Father, we thank you for this beautiful day of life. We thank you that in 3 days we will be celebrating our independence once again. Just a few days ago we celebrated the birth of our state once again. Today Lord we start with newness: we've got a new council member; we've got some that have been here for quite some time. Lord, they only serve because they want for the betterment of everyone who lives within the city limits. Lord please allow that desire to spread throughout our county. And Lord we thank you for people who are still willing, men and women, to run for public office. As Cris (Meadows) has already said, we have so much to offer people and we need to do that. Lord I pray that if there is any jealousy and bitterness after this election, Lord, that that be put aside. Things will be much, much better for our county and our little community. I pray for the new Mayor, I pray for this Council, and as we do that, Lord, it also means for those who work under them, who will actually be doing the job once the visions have become to fruition. They will be doing the work. Keep them safe. We ask Lord as they do that, we pray for our businesses within this community that they might prosper, and as they prosper, others might see what we have here and they would want to come and have new businesses open, Lord we pray. Now Lord, we ask you for your blessings upon all of us. In Jesus name we pray. Amen

3. Mayor Jack Scott thanked the citizens of Hinton and expressed his excitement and enthusiasm for the opportunity to work with the community toward new growth and development for Hinton.
